

What is The Orchard Society?

The Orchard Society is an association of friends, neighbors, and supporters of Washington Health System who give together to make a greater impact on the health care in the community.

Members of *The Orchard Society* make annual contributions to help the health system continue its mission to provide great patient care, right here in the community.

Year after year, members can raise more money for the health system together, just like the trees in an orchard can produce more fruit together.

Why should I join The Orchard Society?

Giving to Washington Health System is one of the most worthwhile and fulfilling ways to make a difference and improve the health and wellbeing of your community.

You can help ensure that patients and families receive the highest quality health care with the latest medical technology in state-of-the-art facilities now and into the future.

Washington Health System benefits from individuals, families, and businesses who donate charitable dollars in support of our efforts.

You can impact local healthcare with your donations to Washington Health System Foundation, a 501(c)3 organization.

All contributions to the Foundation are tax-deductible and may be designated however you choose. Some of the ways you can give include:

- Memorial/Commemorative Gifts
- Annual Gifts
- Planned Gifts
- Endowed Gifts
- Special Events/Sponsorship Opportunities
